LESTE

LEarning. **S**ynergy. **TE**chnology.

WE DON'T JUST TRAIN.
WE SOLVE PROBLEMS.

Reduce the costs, time and logistics of education of your employees.

Digitize your sector of training and development.

LESTE

Who are we?

LESTE is a company that provides **consulting and support in the implementation of eLearning.** We adapt our platform based on the needs of your company.

For the purpose of better user experience and better adoption of knowledge and skills, **we developed different kind of eLearning content** (videos, animations, voice, text, reminders, questionnaires, tests and surveys).

LESTE platform

Our platform can be connected to systems such as **SAP or ERP**.

The platform itself can be customized in **different languages**, according to needs of the company.

Employees can access the platform from **any device at any time**.
